Dear Parents/Carers,

Taster Day

I am delighted to inform you that the "Taster Day" was a great success. The new caterers served tasty, well presented food. Halal food is served every Monday, Wednesday and Friday.

Thank you for coming in and supporting us in this new project.

Fund Raising Event- Friday 10th October

Last year we raised in excess of £ 400 for different charities, this year is no different.

Jeans for Genes Day is a charity event with a difference, all our students have to do to get involved is wear a pair of jeans. The money raised from Jeans for Genes Day 2008 will fund research into serious and often life-threatening genetic disorders that affect thousands of children. This is a national event and every year schools, offices and businesses across the country take part in the fund raising event. Contribution of 50p per child will be much appreciated.

Please support this worthy cause.

Family Learning Festival

Please join us at the Maritime Museum on Saturday 11th October from 11am to celebrate the start of the Family Learning Month. Children can take part in a number of activities and you can see the Pirate, made by our Nursery children the Treasure Chest, made during the Enrichment , by the Art group and the Treasures made during the Enrichment , by the Pottery group.

We will be starting the Family Learning sessions every Saturday from 10.00am-1.00pm .

This is an excellent opportunity for parents to learn with their children. Crèche will be available to those parents with young children. South Rise dancers will be opening the event.

I will provide you with more detailed information just before the end of this term.

Mrs S Mathison
Headteacher
